Safety instructions for Ex areas

Please note the Ex-specific safety information for installation and operation in Ex areas. These safety instructions are part of the operating instructions manual and come with the Ex-approved instruments.

Editing status: 2016-07-15

52454-EN-160727

1 For your safety

1.1 Appropriate use

The Bluetooth-USB-Adapter is an accessory part for connection of a PC/Notebook to a PLICSCOM display and adjustment module via Bluetooth.

1.2 General safety instructions

The safety information in the operating instructions manual of the respective sensor must be noted.

2 Product description

2.1 Configuration

Scope of delivery

The scope of delivery encompasses:

- Bluetooth-USB-Adapter
- DVD DTM Collection 03/2016
- Documentation
 - This supplementary instructions manual

Version

The Bluetooth-USB-Adapter consists of the housing with a USB plug. An integrated blue LED signals the operating status.

Fig. 1: Configuration Bluetooth-USB-Adapter

- 1 USB plug
- 2 Housing
- 3 LED

2.2 Principle of operation

Function

The Bluetooth-USB-Adapter enables the wireless connection of a PC/ Notebook to a plics[®] sensor. The wireless connection is provided via Bluetooth Smart. Requirement on the sensor side is a display and adjustment module PLICSCOM with integrated Bluetooth.

The adjustment of the sensor is carried out by means of the adjustment software PACTware.

System requirements:

- PACTware and DTM Collection 03/2016 or higher
- Operating system Windows
- USB 2.0 interface

Note:

The wireless connection from the PC/Notebook via Bluetooth to PLICSCOM is only possible via the Bluetooth-USB-Adapter supplied by VEGA.

Other standard Bluetooth USB adapters are not suitable.

Operating status

The integrated blue LED signals the operating status:

- LED on: Voltage supply via USB port available

- LED flashes twice briefly: Initializing carried out
- LED lights approx. every 10 s briefly: ready for operation
- LED flashes in short intervals: Bluetooth communication active

3 Setup

3.1 Preparations

Please proceed in this sequence:

- Install PACTware and DTM Collection 03/2016 or higher
- Insert Bluetooth-USB-Adapter in free USB interface
- Start PACTware

In DTM Collection as of 03/2016, a Windows driver and a DTM for Bluetooth-USB-Adapter are included. The adapter is recognized by the driver and automatically initialized.

3.2 Connecting ...

Start the VEGA project assistant. Select "*Bluetooth*" and "*Instrument search*". Sensors with Bluetooth PLICSCOM modules in the environment are searched for and displayed.

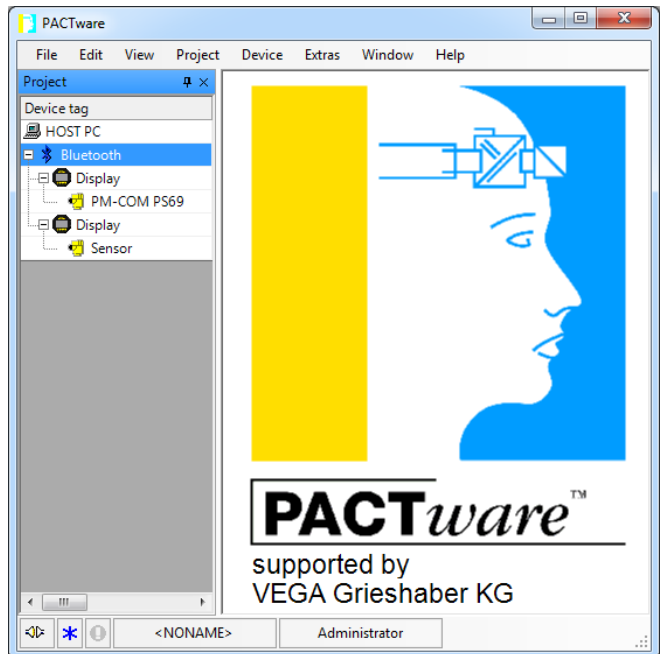

Fig. 2: Example of a PACTware screen with two found PLICSCOM modules

An active connection of Bluetooth-USB-Adapter is only possible with one sensor.

The respective procedure is described in the operating instructions manual "*Display and adjustment module PLICSCOM*".
